Buccaneers Win Both Ends of Double Bill

Three Runs in Eighteen Innings Suffice to Defeat Cardinals Twice.

ST. LOUIS, August 16.—Three runs in eighteen innings netted the Pirates a twin victory over the Cardinals Tuesday. It was 1 to 0 in the first and 2 to 1 in the second. In the first battle Carey scored the only run in the opening inning. He walked, went to second on Meadows's wild throw to first and stole third. A single by Hinchman scored him. In the second game McCarthy was hit in the sixth inning, went to second on an infield out and scored on Cooper's single. Two walks, a single and an infield out tied it up for the Cardinals in the eighth, but in the ninth Baird singled, went to third on Ames's wild throw and scored on Carey's single. Scores: First game—

GRIDIRON CLASHES WILL SOON START

Almost Every Section of the Country Will Be Represented in the Great Game.

NEW YORK, Aug. 16.—Inter-sectional games stand out as the feature of the football season of 1916 which will be under way before another three weeks have been checked from the calendar. Almost every section of the country will be represented in these gridiron clashes and indications point to unusual interest and enthusiasm in the great American college game this fall. Close to three months' play will be witnessed this season, as the opening game is scheduled for September 16, and the closing contests will not be staged until December 9.

Each year the number of games increases and the coming season finds more games scheduled than was the case twelve months ago. According to the list prepared in connection with the revised rules of play, the teams of the leading colleges and universities of the country will figure in more than thirteen hundred contests, while the preparatory and high school elevens will compete in more than twice that number, bringing the total close to the five thousand mark.

Schedules Changed.
A comparison of the schedules for the coming season and those of the past few years shows a number of changes. The Carlisle Indian School eleven, which has made football history in the past, does not appear among the leading competitors for gridiron honors and Columbia University is again found listed for games with colleges which are close to the first flight of eastern football institutions.

There is an unusual number of contests scheduled for Fridays although the Saturday games are still overwhelmingly in the majority. Although the so-called championship games are not scheduled until the closing weeks of November, the height of the season, so far as the number of games is concerned, will be reached late in October and the following two Saturdays when the principal college contests each day alone pass the hundred mark. The climax comes with the playing of the Harvard-Yale game at New Haven and the Army-Navy game at New York on the same day—November 25. On the basis of past attendance and receipts these two games should attract close to 150,000 spectators while the gate receipts will probably exceed \$200,000.

More Important Games.
Among the more important inter-sectional games are those between Syracuse and Ohio; Army vs. Washington and Lee; Yale and Virginia; Harvard vs. North Carolina; Illinois and Colgate; Minnesota and North Dakota; Virgo Poly vs. Yale; Georgetown and Dartmouth; Michigan meeting with Syracuse; Pennsylvania and Cornell; during the season; Harvard and Virginia; Notre Dame vs. Army; Missouri vs. Texas; Dartmouth vs. West Virginia; Bucknell and Washington and Lee. Efforts are still being made to bring a Pacific Coast university eleven East for one or two big games and there will be the usual inter-sectional contests between the leading school teams of the middle West and the East immediately following the close of the regular interscholastic schedules.

The University of California will be the first on the gridiron this fall, the Berkeley getting into action on Saturday, September 16. Seven days later Dartmouth, Harvard and Georgetown will be among the larger colleges to start active football competition. On the last Saturday of September Cornell, Princeton, Syracuse, Army, Navy, Pennsylvania, Yale, Tennessee, Texas, Virginia and a few of the middle western colleges will start their opening games. Michigan plays its gridiron

campaign on the following Wednesday and on Saturday October 7, Chicago, Illinois, Minnesota, Missouri, Wisconsin and other members of the conference follow suit.

Yale at New Haven.
Yale will depart from the conventional on Friday, October 20, by playing Virginia Poly at New Haven, but this is an exceptional move made necessary by the fact that the Yale bowl will be used on Saturday for the staging of a special pageant. The last Saturday of October will witness the initial meetings of the eleven of the larger universities of both the East and West and the results of these games will have a direct bearing on the final outcome of the contesting teams. Cornell will line up against Harvard; Dartmouth will tackle Princeton; Michigan will have Syracuse as an opponent; Pennsylvania and Pittsburg clash; North and South Dakota meet in their annual game; Tennessee plays the University of Florida; Vanderbilt and Virginia come together and Yale will seek to defeat Washington and Jefferson.

The opening Saturday of November will witness the following important games: Harvard vs. Virginia; Dartmouth vs. Texas; California vs. Southern California; Yale vs. Colgate; Pennsylvania vs. Lafayette; Washington vs. Oregon; Chicago vs. Purdue and Georgetown vs. Louisville. A week later Harvard and Princeton; Cornell and Michigan and Pennsylvania and Dartmouth will furnish the feature games of the East while Tennessee and Vanderbilt; Virginia and South Carolina; Washington and Lee vs. Bucknell are dividing honors in the South. Few, if any, of the conference college teams will play but the following Saturday will find them all battling for football glory.

Some Big Contests.
On that day Wisconsin and Minnesota; Chicago and Illinois will be the big contests in the middle West; Yale vs. Princeton; Harvard vs. Brown; and Syracuse and Colgate will be the eastern feature games. Pennsylvania will journey to Ann Arbor for her annual meeting with Michigan; Notre Dame will face the Michigan Aggies; California and Washington hold forth on the Pacific coast while the big scholastic game of the east will be staged when Andover and Exeter meet.

An exceptional situation will confront football fans of the East on Saturday, November 25, for the Harvard-Yale game will be played at New Haven while the annual Army-Navy game will be staged at New York. In the middle West Chicago meets Minnesota and Wisconsin plays Illinois. Pennsylvania will depart from its usual custom of resting previous to the Thanksgiving Day game with Cornell and will meet West Virginia Wesleyan. The Cornell-Pennsylvania contest will be the feature of Thanksgiving Day with the Brown-Colgate and the Pittsburg-Penn State games a close second in the East. In the South Vanderbilt vs. University of the South; Kentucky vs. Tennessee; Alabama vs. Georgia and Virginia vs. North Carolina will all be star contests. In the West, Nebraska vs. Notre Dame; California vs. Washington; South California vs. Oregon Aggies and several other contests between state universities and agricultural schools will be among the more prominent games. The season will end on Saturday, December 9, with two inter-sectional games in which Georgetown will play Tulane at New Orleans and Southern California will face Arizona at Tucson.

SATISFY!

—what does that mean?

It means that NEW quality, in a cigarette, that does for your smoking exactly what a drink of cold water does for your thirst!

To satisfy, a cigarette must do far more than just "please" you—it must let you know you've been smoking.

That's what Chesterfields do—they satisfy! And yet they're MILD!

For the first time in the history of cigarettes, here's a cigarette that satisfies and yet is mild! Chesterfields!

Other cigarettes may be mild, but they don't satisfy.

BUT, Chesterfields satisfy—yet they're mild!

This is new enjoyment for a cigarette to give. It is something that no cigarette, except Chesterfields, can give you—regardless of price.

Why?

Because no cigarette maker can copy the Chesterfield blend!

Try Chesterfields—today!

METAL COLLECTING CAMPAIGN IS GREAT

People of the City of Vienna Are Ordered to Turn Over Practically All of It.

(Correspondence of Associated Press)
VIENNA, Aug. 16.—By far the most comprehensive campaign for the collection of metal that Vienna has known since the beginning of the war has been ordered. Not only must individuals turn over to the government practically all the metal they possess, but manufacturers, dealers, inn-keepers, restaurateurs, bakeries, sugar refineries, associations of all kinds, cloisters, hospitals, sanatoria and convalescent homes, bathing resorts, schools and educational institutions and countless similar organizations are going to have to surrender a large variety of materials.
The list of things that have to be turned in, against payment as determined by the government some time ago, includes:
1.—Cooking utensils of all kinds, pots, pans, casseroles, plates, cups, saucers, lamps and similar objects made of copper or metals of which copper is an component.
2.—Soup tureens, pots, sauce and dessert dishes, vegetable containers, etc., made of pure nickel.
3.—Kitchen utensils of every sort, irons, cups and lamps made of brass.
4.—Wash boilers, water kettles, bath tubs and the like made of copper or metal of which copper is an alloy.
5.—Vessels for boiling fruit made of copper or nickel.
6.—Boilers or parts of stoves consisting of copper, brass, bronze or tombac.
7.—Weights for scales weighing more than 100 pounds.
8.—Curtain rods and rug or carpet holders and such other rods used in the ordinary household as are easily removed and are made of brass.
Manufacturers of and dealers in any of the articles above enumerated are required for the time being to turn over only one-third of their supply on hand, reckoned by weight rather than value. All other possessors of metal are required to turn over everything they own, unless they can prove to a commission already in existence that this or that article is indispensable. Heavy penalties are provided for those who conceal anything.
No less than ninety-one commissions for receiving metal articles have been created to handle the arduous task of collecting all the available metal in Vienna. Up to the beginning of the compulsory surrender of metals, voluntary surrenders will be received as they are made. After that the city will specify days of surrender for all persons with names beginning with letters A, B, etc. At the conclusion of the collection they will be granted a one-day leave-way during which delinquents can explain why they have not turned in their possessions.
In case the owner of metal utensils subject to surrender cannot afford in advance to purchase substitutes, they will be purchased for him and their price deducted from the amount allowed him for his copper or nickel things. If the latter is less than the cost of new material, the city will bear the difference; unless the utensils he turns in are not in usable condition.
